

Speaker & Professional title:

Nathan Spicer, BJA NTTAC Consultant

Speaker Biography:

Nathan Spicer has served as an Emergency Manager for the City of Little Rock for over twelve years. Before his employment with the City of Little Rock, he was employed as a Disaster Recovery Officer with the Arkansas Department of Emergency Management. His primary responsibilities include grant administration for the Homeland Security Grant Program, coordination of emergency response to special events within the city and responding to natural and manmade disasters/incidents that effect the city.

Nathan is a seven-year member of the Arkansas Crisis Response Team, currently serving on the Executive Board as the Treasurer. He has deployed to numerous crisis events with primarily first responders as clients.

Nathan is also a member of the Governor's Advisory Group for Homeland Security and a Certified Emergency Manager through the International Association of Emergency Managers. Nathan is Incident Command System 300 and 400 Certified, with additional training as a FEMA Incident Management Team Member, Planning Section Chief, and Communications Unit Leader.
