What is the intended benefit of the rule?

To provide structure and policy to grant funds administered by the department and to establish rules, procedures, and guidelines for applicants.

Is the benefit being achieved? Please provide evidence.

Yes, the rules of this section provide structure and policy for grant applicants as well as the department to establish rules and policy for the grants.

What are the costs incurred by the public to comply with the rule?

None— Many of these rules actually save money by ensuring federal and state regulations are followed.

What are the costs to the agency or any other agency to implement/enforce the rule?

None

Do the costs justify the benefits achieved? Please explain.

Yes, as there is no cost, but without these rules, grant funds could conceivably have to be recouped.

Are there less restrictive alternatives to accomplish the benefit? YES NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

The Rule does not restrict the public or the private sector, but seeks to implement state and federal regulations.

Does this chapter/rule(s) contain language that is obsolete, outdated, inconsistent, redundant, or unnecessary language, including instances where rule language is duplicative of statutory language? [list chapter/rule number(s) that fall under any of the above categories]

PLEASE NOTE, THE BOXES BELOW WILL EXPAND AS YOU TYPE

Some out of date and obsolete language will be removed, restrictive words will be modified to the extent possible, but the rule will remain largely intact.
