Wisconsin Power and Light (WPL)

- 480,000 Electric customers
- 195,000 Gas customers
- \$3.7 B Rate base 13 month avg.
- \$1.5 B Operating Revenues

Continually Prepared

- As temperatures heat up and cool down throughout the Midwest, we are prepared to **continually deliver reliable energy** customers need.
- **Reliability** and **resilience** are top priorities that are a key part of our Strategy.
- We consistently plan for the ongoing energy needs of our customers and maintain a **diverse energy mix** of generation resources.
- This allows us to have **sufficient resources** to meet our demand obligations.
- This is a partnership which means that **we are not an island.**

Periodic Power Outages

- Periodic and temporary power outages are an **extreme last step**.
- We have options that we can take to help **mitigate** the chance of outages
- Leverage a **multi step** approach to communicate with our **customers** and partners.
- Outage plans have been **developed** and vetted through a team of subject matter experts – plan is **updated and exercised** throughout the year.
- Customer outage timeframe during periodic power outages is **two hours** per group.

Engagement with Partners

- Safety first
- Stay positive
- Build strong relationships
- Customer & community focus
- Communication & coordination
