

2023 Iowa Homeland Security Conference

October 11-13, 2023

Session Title:

Human Trafficking Survivor Story

Speaker & Professional title:

Alicia Tappan

Summary: This session is survivor led and centered with real life events including, recruiting and grooming, trafficking, arrests and civil court outcomes. The objective is to help law enforcement, first responders and service providers an opportunity to learn trauma informed care reporting, services and responses. The crisis intervention techniques are adaptable to the audience in efforts to change the way we care for survivors, and ultimately sharpen the knowledge base of anti-trafficking efforts. Participants will leave with helpful tools and resources for their organization to better work with adults and children of sexual exploitation and human trafficking.
